CapWIN Mobile Client Version 2.4.0.1 Release Notes

10-8-20

CapWIN Mobile Client Release 2.4.1.0 is a maintenance release and contains a new security certificate. CapWIN version 2.4.1.0 (or higher) is now REQUIRED to access CapWIN servers.

PLEASE NOTE: The upgrade to Version 2.4.1.0 will occur automatically on CapWIN startup. The update process should take less than one minute, and users will be presented with a dialogue box that denotes a successful update. If users do not successfully receive this update or if they receive an error during the update process, please contact the CapWIN Help Desk at hdesk@capwin.org.
